What's This Guide About

There are many Trust Funds and Charities that have been set up to support students in Higher Education. This Guide lists a selection of the Trust Funds & Charities who may be able to offer you financial support.

Applying for Grants from Trust Funds/Charities

When applying to trust funds/charities you are advised to consider the criteria carefully as organisations often have very limited funding and will not consider applications unless they meet their specific criteria.

Eligibility may depend upon a wide range of criteria, for example:

- where an applicant is from
- where they went to school
- their chosen course or career path
- whether they have a disability or medical condition
- whether they are at a financial disadvantage compared to other students

Searching for Trust Funds/Charities

There are several websites which provide information on charitable trusts, some of which include a Grant search facility to help students identify appropriate funding based on individual circumstances and needs - see below:

- Turn2Us is a charitable service which helps people access welfare benefits, educational grants and other help. Individuals can search their database to find funding. www.turn2us.org.uk
- Postgraduate Studentships is designed for postgraduates and intending postgraduates. www.postgraduatestudentships.co.uk
- British Council gives information and advice to international students, and includes a postgraduate scholarship finder. www.britishcouncil.org
- Prospects is a graduate careers website which also provides information on sources of funding for postgraduate students. www.prospects.ac.uk
- Postgrad.com offers advice and study bursaries to the value of £500. www.postgrad.com
- The Scholarship Hub has a comprehensive database of funding for UK / EU undergraduates and postgraduates. www.thescholarshiphub.org.uk

In addition, The Directory of Social Change publishes "The Educational Grants Directory" which lists details of charities and trust funds - a copy of this directory can be accessed via the University Money Advisers and the Hive.

Students are advised to apply for help from trust funds as soon as they can because some charities use up their funding allocations fairly early in the academic year.
